

Solemnly Swear Universal is Up to Something Good!

ORLANDO - Fla - May 1, 2019 - The Wizarding World of Harry Potter is giving its fans more of a reason to be excited. Announced only a three months ago was a new ride coming to the park. The new ride will be called Hagrid's Magical Creature Motorbike Adventure, this ride will be all about the beloved half-giant and his many magical creatures.

The ride design is new and something that has never been done before. The ride speeds down the track at 50 mph while one person sits on the bike and the other is in the sidecar. Riders will also get to see creatures that are small, big, or even three-headed. The creatures on the ride have not been revealed yet because each day a new one will be revealed. Universal releases a new creature on the ride via social media. Pottermore even releases an article about the creature so readers can find out more about it.

Though the ride is a roller coaster, it will also feature clips or images of the creatures as many of the other Harry Potter rides in the park do. The best aspect of the ride will be the fact that Hagrid will most likely make an appearance on the ride. Many of the fans will recognize the creatures who will be featured, some lived with Hagrid himself while others lived in the depths of the Forbidden Forest.

The ride is described as a thriller ride but is still seen as a family-friendly ride. The ride will move at fast speeds that will allow the riders to feel like they are on their own flying motorbike, soaring through the air.

With any new ride, it is expected for the park to be crowded, but many of the park employees feel this might different than other grand openings they have seen before. One employee, Michael Galbreath said, "Being a big Harry Potter fan myself I am counting down the days till the ride opens, so I am sure others are too." Some employees are thinking that the line for the ride will be over a two-hour wait.

The ride will officially open June 13, 2019. Everyone should grab their wands, robes and tickets now before it is too late.

About the Wizarding World of Harry Potter

The Wizarding World of Harry Potter opened at Universal Studios in Orlando June 18, 2010. There are two sides of the park, one includes Hogsmeade and the other is Diagon Alley. There are multiple rides on each side of the park, along with multiple attractions.
